Keywords: Pharmacy, Pharmaceutical sciences

The International Journal of Pharmacy (IJP) inaugurated in 2011 and has successfully published 10 Volumes by 2020. Since the journal was established, IJP has published in excess of 12 broad topics such as Drug delivery system, Vancomycin, Vitamin D, Antibiotics, Infections, Multistage drug release, Antiretroviral therapy, Herbal medicine, Use of albumin in hospitals, Role of community pharmacy, Intensive care unit, Pharmacists, Enteral feeding, Wound healing, Essential medicines, Pharmacy practice. This journal is also accepting articles about Organic Chemistry, Phyto Chemistry, Natural Products, Biological Sciences, Microbiology, Bio-statistics, Bio-medical Analysis and other related growing topics. It is our pleasure to announce that during year 2020, till now 4 issues of volume 10 were published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Average publication lag time of an article was further reduced to 2-3 weeks.

In addition to regular issue releases on a quarterly basis, this scientific journal is also releasing special issues and conference proceedings from time to time.

6th Pharmaceutical Chemistry Conference

After the successful completion of the 5th Pharmaceutical Chemistry Conference on April 27-28, 2020 through Webinar due to the situation of epidemiology. The conference was designed around the theme of "Updates and Challenges towards Development of Novel Therapeutic Strategies against COVID-19" which got splendid response.

Euro Pharma Chemistry 2020 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the field of Pharmaceutical Bio-chemistry, Medical Bio-chemistry, Drug Delivery chemistry, Diagnostic Pharmaceutical chemistry, Phyto – Pharmaceuticals, Nano Medicine, Analytical Chemistry and some more. This congress not only brought forward the

latest developments in the field but also provided solutions to the numerous challenges encountered in developing a Pharma Industry.

Conference series would like to convey a warm gratitude to all the Honorable guests and Keynote Speakers of Euro Pharma Chemistry 2020:

Renowned Speakers

Laurent Désaubry, University of Strasbourg, France

Canan G. Nebigil, University of Strasbourg, France

Samir Mameri, University of Strasbourg, France

Franz-Josef Meyer-Almes, University of Applied Sciences Darmstadt, Germany

Conference series offers its heartfelt appreciation to organizations such as our esteemed Media Partners, and other eminent personalities who supported the conference by promoting in various modes online and offline which helped the conference reach every nook and corner of the globe. It also took privilege to felicitate the Keynote Speakers, Organizing Committee Members, Chairs and Co-chairs who supported this event.

With the grand success of Euro Pharma Chemistry 2019, Conference series is proud to announce the "6th Pharmaceutical Chemistry Conference" during May 11-12, 2021 in Paris, France, working with the theme: "New Challenges in Pharma Chemistry and Growth in Pharmaceutical Research".
